COMPLETE RETURNS GIVESMITH

Woodstock, June 13.—Complete returns from the various subdivisions in North Oxford give George Smith, Liberal, a majority of 350. The Liberals had expected a larger majority while the Conservatives were confident of electing Wallace. Following is a list of votes polled at different subdivisions:

	Smith	Wallace	Majority
Woodstock	579	1099	220
Blenbro	61	44	17
Blendenord	109	158	40
Blenheim	518	387	131
East Nisour	324	298	26
East Zorra	482	318	164
West Zorra	393	202	191
	2855	2506	

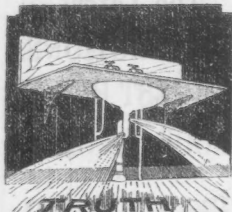

Liberal majority 349

The Liberals were jubilant over the result and inaugurated a torch light procession, which paraded to Smith's residence, where he addressed the gathering.

LONDON CELEBRATES

London, June 13.—With a majority of over 350, the Liberals are celebrating tonight and the Conservatives are proportionately depressed. No such majority had been anticipated, and the result is regarded as a blow to the opposition campaign against the schools clauses of the autonomy bills. At the same time it would be idle to deny the fact that many votes were cast for the Minister of Public Works irrespective of political considerations and the personal popularity of the candidate had much to do with the result.

As things are, however, all we can do is to employ an honest plumber who knows his business—one who will put in good material and put it in to stay. That's what we try to do here. We supply everything necessary for fitting up the bath-room and we do the fitting ourselves.

WESTERN NEWS NOTES

—Okotoks Review: Negotiations are in progress for the purchase of the McPherson coal mine by a limited liability company, and we learn a deposit has been made by the purchasers who have a thirty days option thereon. When this property is thoroughly explored and tested it would not surprise us to hear of it developing into a bonanza. The coal seam is about eleven feet thick and the farther down they go the better the quality of coal. The river flows between McPherson's property and Spooner's ranch, and evidence of coal is seen on the property of the latter. Rumor has it that \$30,000 was the price offered.

—Red Deer Advocate: Where are we? is the question uppermost in the minds of our provincial politicians. The business of our political life just now is "without form and void, and darkness is upon the face of the deep."

—Regina Standard: An Engine No. 80 was coming in from the north last night and was passing the O. P. R. point shed, it suddenly left the rails, and ran head-on into the paint-house. A couple of falls were smashed off, and the front wheels of the engine were buried in the sand for a considerable depth. The wreck train was brought down from Moose Jaw to repair the damage.

—MacLeod Gazette: Some forty horses were purchased here Tuesday by the remount officers for the Imperial Army. These gentlemen expressed great gratification for the fine display of animals shown at MacLeod. The remount officers are gentlemen who have had much experience with horses, this being directly in line with their teaching and the treatment awarded to customers by them was most gentlemanly, those whose horses were refused having no grounds for dissatisfaction, as the animals were all accepted or rejected upon their merits alone. The criticism and objections usually made by buyers was conspicuous by its absence and people who were disappointed in their expectation of sales have the satisfaction of knowing that their animals were not condemned, although not purchased. The purchasing parties were Col. Bridges, J. A. Turner and C. W. Peterson.

—Raymond Chronicle: R. B. Bennett, M.L.A., of Calgary, has been telling the people of London, Ontario, that we of the West are sharpening up our swords and swabbing out guns for the insurrection he is going to lead against Ottawa over the Autonomy Bills. Mr. Bennett is a sort of rapid-fire gun on his own account and often, as in the present instance, goes off at half cock. This talk of shooting reminds one of the very insignificant phrase "shooting-off the mouth."

—Raymond Chronicle: In conversation with the Chronicle Mr. Bull of the Bell Telephone Co., made the announcement that the western system was to be greatly extended and that within a year from now it would be possible to call up Edmonton and engage in conversation.

—Raymond Chronicle: Word has been received here that all details of the Salt Lake to Raymond excursion have been arranged with the exception of putting a definite price on the tickets. The Salt Lake end of the business has been in the hands of Frank Taylor, of Taylor Bros., who has succeeded in carrying out all the wishes of the Raymond people in the matter. The special train bringing visitors from every part of this district will pull out from Salt Lake on the morning of August 14, and will reach its destination, Raymond, on the 17th, in time for the excursionists to take in the biggest part of the Raymond Fair.

—The Evening Herald is the name of a new eight page daily issued at Fort William, Ont. The new journal will be liberal in politics.

—Blairmore Times: The speech of Hon. Frank Oliver at Woodstock, Ont., last Saturday, had the right ring about it and was a rebuke to those frenzied fanatics who would for party ends drag religion into politics and set Canadian against Canadian.

Over 100,000 of these machines have been sold in the U.S. within the last few years at the same price which is being charged for any other standard typewriter. This proves conclusively that the OLIVER is the very best machine made regardless of price.

As there is now in Montreal a factory devoted exclusively to the manufacture of this machine, it can be bought in Canada for the same price at which it is sold in the U.S. without adding from \$25 to \$30 to cover duty and charges, as do all the other standard writers.

This should be a very attractive proposition to any purchaser of writing machines.

BIG WINNIPEG BLAZE**SCOTT FURNITURE WAREHOUSE
BURNED.**

Lightning Causes \$200,000 Fire in
Winnipeg—Four Firemen Injured
Fighting the Flames.

Winnipeg, June 14.—In a fierce electric storm which passed over the city last night, the big seven story furniture warehouse and store of the Scott Furniture Co. on Main street south was struck by lightning, about eight o'clock and in three hours was completely destroyed, entailing a loss of \$200,000. The fire was the worst in the history of the city and the most stubborn that the brigade has ever had to contend with. The lightning came in contact with the structure by running down an iron fire escape in the rear of the building and when the firemen arrived, the place was filled with smoke and the flames were burning in three stories of the warehouse. During the blaze four firemen were injured, two of them seriously. These were Firemen Johnson and Wolfe who suffered electric shocks from an aerial wire and fell from the ladder upon which they were working. They were taken to the hospital, and it is thought they will recover. A downpour of rain which lasted an hour is responsible for the fact that a large area of the south end of the city was saved, as the destroyed structure was surrounded by wooden buildings which were ignited several times. By the collapse of the side walls of the big warehouse about an hour after the fire started, two buildings on either side were demolished. The people living in them had just been ordered out of them by the firemen before the crash came. The firemen were in constant jeopardy from falling walls. The building was the largest furniture warehouse in Canada west of Lake Superior and had been taken over from the contractors less than a year ago. It was stocked to the roof with the most expensive furniture and only \$145,000 insurance was carried on the stock and \$35,000 on the building.

Y.M.C.A. SOCIAL.

Despite the storm and bad weather a large crowd turned out to the Y.M.C.A. social which was to have been given at the residence of Mrs. Jno. A. McDougall last evening. At the last minute it was decided better to go through with the program in the basement of the Presbyterian church which was accordingly done and a very pleasant evening is reported by all present. The money made will go towards the erection of the new Y.M.C.A. building which is soon to be erected at the end of Howard street.

GOVERNMENT WINS EYE-ELECTIONS.

Continued from Page 1.

THE NEWS IN OTTAWA.

Ottawa, June 13.—The results of the polls in London and North Oxford today, which resulted in the return of Hon. C. S. Hyman by over four hundred majority in London, and of Geo. Smith, Liberal in North Oxford, by a majority nearly as large, were received by the Liberal members of Parliament with the greatest enthusiasm. Until the last moment the Conservatives were hopeful of carrying London and confident of getting North Oxford. That they were disappointed was not due to a fine discrimination as to the campaign methods employed. Race and religious appeals of the wilder nature were made to the electors, the people of the North-West were represented to them as on the eve of a revolution and fake telegrams were read from platforms calling for the defeat of the Government candidates, while all the tactics which are easily adaptable to an out and out race and creed campaign were employed to return the oppositionists. The electors, however, were not misled by catch words and stood by the verdict already recorded in Edmonton by the return of Hon. E. Oliver by acclamation. The splendid victories were in large measure due to the good work of the western members who have spent several days on the stump in both constituencies.

Sir Wilfrid Laurier was given a great demonstration from the Liberals in the House tonight when the results were made known.

It is hoped now that the obstruction methods of the Opposition will be abandoned and that the autonomy bills will become law on July 1.

HAULTAIN WILL OPPOSE THE GOVERNMENT.

Woodstock, June 13.—Premier Haultain remained in the city to hear the result of the polls. Needless to say he was disappointed. He attributed the defeat of the Opposition candidate in North Oxford to the traditionally Liberal complexion of the constituency. Asked regarding the future, he could not make any announcement. He thought however he would be able to carry one of the few provinces, in which case, he assured his interviewer he would continue to fight against the provisions of the bills. He said the North-West would be sorry the bye-elections had come as they had. He concluded, "Of this you may be sure, the struggle will be carried on."

The Cream Separator
that is the
Cheapest in the End.

There are some folks who are everlastingly trying to get "something for nothing." They buy a wagon at a "bargain" price because the agent says it's "just as good." And then, after a few months, when the tires and spokes have all loosened up, they cuss the wagon.

Price not the only Difference.

It's the same way with cream separators. You can buy many other separators for less money than the U. S. Cream Separator sells for, but before you're finished paying for the experiment you'll find price isn't the only difference. The cheaper separators soon get out of adjustment because built of cheaper material by inferior manufacturing methods; they consume twice the necessary amount of oil; they have a bowl that will not run true, and does not skim clean. The repairs in the first few years would pay the difference for the U. S. Cream Separator.

Durability is Important.

The U. S. Cream Separator has stood the test of time. Many of them have been in use for 10 years, and cost less than a dollar for repairs. They run easy, skim cleaner than others, have a simple bowl, cushioned gears, and a convenient low supply can.

The Vermont Farm Machine Co., of Bellows Falls, Vt., have printed in a handsome booklet a few of the thousands of letters from satisfied users of the U. S. Cream Separator. This booklet will save you money when you buy a separator, and a post card will bring it to you.

To insure prompt deliveries and to save freight charges for their Canadian customers, they ship from their warehouses at Montreal, Sherbrooke, Hamilton, Winnipeg, Calgary and Vancouver, but all letters should be addressed to Bellows Falls, Vt.

develop its delightful aroma.

This special treatment requires two to three years, depending on the "crop."

I work it thoroughly—through various processes of fermenting and drying in specially made apparatuses that enable me to keep the tobacco in each process at certain fixed temperatures and moist or dry at such a degree of humidity—necessary to bring out the virtues I insist on in each cigar.

By having the filler so aged and treated, I make my Pharaoh a smooth, palatable smoke—one with a delicate incense-like flavor and very even combustion.

Ross Bros.,
 Gentlemen:—

The hot air heating system that you installed in my house last summer, and which has been thoroughly tested during the past winter, has given me splendid satisfaction. All parts of my house, which are in an exposed position on the crest of the river bank, were comfortably heated at all times. The coal consumed during the winter was not large, and it burns the Edmonton coal perfectly. I am very well satisfied with the heating system, and the workmanship and the material used on the job is of the best, and would recommend your furnace to any one.

Yours truly,

MALCOLM GROAT.

Ross Bros.,
 Gentlemen:—

Replying to yours re the furnace I purchased from you and which your workmen put in my store (The Hudson Bay Store) I am well satisfied with it. The store is 35 x 40, with a 15 foot ceiling, plate glass front, and when the thermometer stood at 22 below zero the store was easily heated to 90 degrees. The workmanship is first class in every particular. The fuel consumed is small considering the results we get. There is no smoke or leakage of gas, and the furnace is very easily managed. I can heartily recommend your furnace to any intending purchaser, as I am sure there can be no fault found with them.

Yours truly,

JAMES H. WOOD.

Ross Bros.,
 Gentlemen:—

Regarding the warm air furnace which you installed in my house, I may say that I am perfectly satisfied with it. I had no difficulty whatever in heating the whole house in all kinds of weather. No heat is wasted in the cellar, and I had no trouble with the pipes not working in windy weather. I find it easy to manage, and economical on fuel, and were I to build again, I would have no other kind of furnace, and I would recommend it to any person wanting one.

Yours truly,

W. H. COOPER.

Ross Bros., Limited,
 Gentlemen:—

The furnace you placed in my house last year has given us the very best of satisfaction, and every room in the house is evenly heated, and I find that it burns the Edmonton coal very economically, and is easy to manage and free from dust or gas. I would cheerfully recommend it to anyone.

Yours truly,

KING POWELL.

Ross Bros., Limited,
 Gentlemen:—

The Furnace you placed in the house I live in (owned by J. N. Pomeroy) has given us perfect satisfaction. In fact we can make it too warm to live in if we were to let the Furnace burn freely, and have never been troubled with either smoke, gas or dust. I find it very easy to manage, and I am certain we could not keep the house as comfortable with stoves on anything like the same amount of fuel, and would recommend it to any person wanting a good Furnace.

Yours truly,

J. B. MERCER.

Ross Bros.,
 Gentlemen:—

After using your Furnace all winter it gives me great pleasure to recommend it to any one. I used another make of Furnace for four years in the same house, previous to getting this furnace from you, and find your Furnace a great improvement over the old one. I find it free from dust, gas or smoke, and easy to manage, and that the grate burns the Edmonton coal perfectly. My house is more evenly heated with only a little over half the fuel, and I might say that the material and workmanship in connection with the installation of the Furnace is of the best.

Yours truly,

R. J. MANSON.

Messrs. Ross Bros.,
 Gentlemen:—

The Furnace you installed in my house last summer has given me perfect satisfaction in every respect, and free from gas or dust, and find that I get more heat from less fuel out of your Furnace than I could from the old Furnace you took out. Therefore would cheerfully recommend your Furnace to any person wanting one.

Yours truly,

C. W. CROSS.

Ross Bros.,
 Gentlemen:—

The hot air heating system that you installed in my hotel, has proved to be all and more than you represented it to be, and would not change it for the old system if I had to pay double what it cost me, as I find your Furnace only uses about half the amount of coal that the old Furnace used. In fact one Furnace now heats the whole hotel, except in extreme cold weather, while it took both the old Furnaces going full blast all the time to heat the hotel other winters.

I find your furnace not only a fuel saver, but easy to manage, free from dust, smoke or gas, and would be pleased to recommend it to any person wanting one.

Yours truly,

J. J. MELLON, Strathcona.

Why is Whitney Spared

Under this heading the Toronto Star says:—

Hon. Frank Oliver, who had as much to do with abolishing separate schools in the North-West as any other man, asked his hearers in North Oxford very pointedly why they were so concerned about the motto in the eye of the West and unregardful of the beam in their own eye.

These passionate political Protestants live in a province honeycombed with real separate schools. Yet they do not lift their fingers against them; even to keep them within the rigid limits of the constitution. But they are in a fury because the West, which abolished separate schools several years ago, is not to have the right to wipe the very name from its statute books.

And blunt Frank Oliver wanted to know why they were so excited about nothing at all in the distant West; but were perfectly calm while living cheek-by-jowl, with the real institution at home.

While Frank Oliver is finding out this fact—if he can—he will, perhaps also discover for us why the Ontario Government was not bothered about this question during the last session. Does anyone imagine that if a Liberal Government had been in power in Ontario, Dr. Beattie Nesbitt or some one else would not have demanded that they take a position publicly on this issue? But there is a Conservative Government in power; and the professional fomenters of race and religious questions carefully spared it.

Possibly Frank Oliver in his down-right Western way, may find this significant.

He might also dig up for our information the explanation of the curious fact that, while it is industriously whispered all over the province against the Liberal party that it desires to have a French Catholic leader there was no campaign started against Mr. Whitney when he for the first time in the history of Ontario brought a French Catholic Minister into its Government and gave him a portfolio.

Frank Oliver will notice that it makes a big difference who does things in this part of the country. Oliver Mowat had to stand more than one furious anti-separate school campaign; and if Oliver Mowat were alive and in power today, what a rain of abuse would fall upon him if he did not get out and march against these abuses! But Whitney is silent; and Whitney is spared.

Perhaps this may indicate to Frank

Oliver which party it is that contains the race and religious incendiaries. Perhaps, also, this may constitute a hint to those old Liberals who are being urged to leave their party solely for the sake of the Protestant religion! And, perhaps, furthermore, it may make Frank Oliver proud that he belongs to the party of toleration, to the party which does not make of any religion a football in the political arena, and to the party which is too patriotic to set the fabric of the nation afire for the sake of party gain.

EVANGELISTIC SERVICE TO-NIGHT.

Tonight the McMaster University Evangelistic Band hold their first meeting in Edmonton in the Presbyterian church, beginning at 8 o'clock. They brought to a close last night a most successful series of meetings in Strathcona. Denominational lines were completely obliterated and night after night the Baptist church, the largest auditorium in the town, was filled to its utmost capacity by people eager to hear the remarkable preaching and singing of these evangelists. On Sunday evening over four hundred men gathered in the Baptist church and at the same hour the Presbyterian church was filled with women, and an overflow meeting of women almost filled the Methodist church. These meetings were addressed by members of the band and sung to by the quartette. On Monday evening the Baptist church was packed with an eager throng to hear Mr. Mitchell of the band, give the story of his life, full of thrilling incidents. The farewell meeting last night, was one of great interest, and it was with deep regret that the audience bade farewell to the evangelists. About two hundred persons, old and young, have professed acceptance of Christ as a result of the meetings held in Strathcona and the whole town has been moved by the preaching and singing of these young men.

SPECIAL COUNCIL MEETING.

The council met in a social meeting last night and accepted several reports of the commissioners and read the proposed dairy by-law. The commissioners reported that they had decided that it would not be advisable to construct a duplicate water main along Victoria avenue as was proposed but believed it better to lay the main branching off from Fourth street on Saskatchewan avenue running east as far as Second then along Second from Saskatchewan avenue to Victoria. The report was accepted.
 Another report was read advising the laying of new plank sidewalks

on Victoria avenue. First, Fourth, Sixth and Tenth streets and on the south side of McKay avenue. Report was accepted.
 The engineer was instructed to give the sidewalk level to the St. Elmo hotel at once.
 The new by-laws respecting dairies and the inspection of milk was read, discussed clause by clause several amendments being inserted and the draft made for the final reading.
